# 1 – MY HOME – San Francisco

This is the West Coast of the United States of America and the flag of the USA.

- San Francisco is such a beautiful city with so many things to see. It's the city of diversity: so many different people live there! I love it! It's awesome!
- The Golden Gate bridge is a very famous big red bridge! It's the symbol of San Francisco. You can cross it by bike or by car.
- Lombard Street is typical and very nice. It's a very curvy street.
- The Transamerica Tower is a very tall building: it's 260 meters high! But not as tall as the Eiffel Tower though!
- You can also take the Cable car and see the piers.
- There are some funny sea lions over there!

## CIVILISATION

San Francisco est une grande ville de la côte ouest des États-Unis, 600 kms au nord de Los Angeles. La population est de plus de 800 000 habitants. Elle est multiethnique et elle a la réputation d'être ouverte et tolérante. C'est une des villes des États-Unis qui compte le plus de transports en commun : des tramways, bus et également une ligne de métro. Elle essaye de développer depuis quelques années des projets écologiques et notamment le recyclage de tous les déchets de la ville.

De nombreux films se déroulent à San Francisco.
